WHO SHOULD ATTEND?

**1ST AND 2ND YEAR
MASTER STUDENTS**

طلاب السنة الأولى و

LECTURES CONTENT

1. HOW TO READ A PAPER?

In this lecture, students will be introduced to the different sections of a research paper, and learn to understand the information in each section.

2. UNDERSTANDING ACADEMIC LITERATURE

In this lecture, students will learn about the types and forms of academic literature (research papers– review articles– books, etc.) and be introduced to the principles of peer review and understand how to evaluate the quality of a literature.

3. SCIENTIFIC WRITING

In this lecture, practical examples of proper scientific writing will be demonstrated.

4. PROPER LAB PRACTICE

In this lecture, appropriate practices within chemistry labs will be discussed. Students will also learn about documentation of research experiments and the use of lab notebook.

5. ETHICAL CONDUCT OF RESEARCH AND PLAGIARISM

Cases of ethical misconduct in research will be demonstrated. Also, students will learn about different types of plagiarism and how to avoid it.

6. ELECTRONIC SERVICES IN ASSIUT UNIVERSITY

Students will be introduced to academic email services (Office365) available in Assiut University and learn how to access research databases via Egyptian Knowledge Bank (EKB).

7. REFERENCE MANAGERS AND OTHER ACADEMIC SOFTWARE

Here, students will learn how to keep their literature library organized via reference managers (e.g. End-Note and mendeley). Also, they will be introduced to other academic software such as Read Cube, etc.

**DAY 1:
NOVEMBER 17**

**DAY 2:
NOVEMBER 18**
